## Product Description

### UNIFLO COMBO TOILET AND UNIFLO 4 PLUS MACERATOR PUMP SET

Quality Toilet and Macerator pump set. A great value combination Toilet with Macerator. Installation is straightforward, the toilet comes complete with syphon, fill valve, pan, cistern and soft closing seat together with our unique Uniflo 4 Plus Macerator, suitable for the installation of additional appliances such as a basin, low level shower or bath.

#### Set comprises

Quality Toilet and slim Macerator pump set A modern toilet with dual button flush operation to deliver 4L or 6L of water 728mm overall height with 384mm pan height The toilet has a projection size of only 675mm 715mm with the Macerator in place sits only 40mm off the wall. Complete with syphon, fill valve, pan, cistern and seat Uniflo 4 Plus Macerator dual cutting pump, complete with applicable connection fittings.

#### Suitability

This Combination set is ideal in any bathroom or shower room. The Macerator pump is designed to discharge the waste in small bore pipe work from as small as 22mm pipe work but is also suitable to discharge in 32mm pipe work if required, as a result making this easier for any installation. In addition other utilities can also be connected to the Macerator for instance a basin, shower tray or bath. The Macerator has very low level waste inlets making it ideal for low level shower trays.
